RESEARCH REPORT: RR 24350
(CSI #07140)

Expires: September 1, 2020
Issued Date: August 1, 2018
Code: 2017 LABC

GENERAL APPROVAL – Renewal - Elasto-Deck B.T., a waterproofing Membrane System for below-grade concrete and masonry walls, concrete slab and plywood deck.

DETAILS

Elasto-Deck B.T. is approved for waterproofing floors and walls below adjacent grade as required by Sections 1805.2 and 1805.3 of the 2017 City of Los Angeles Building Code.

Applications of the material shall be in accordance with the manufacturer's instructions, a copy of which shall be at each job site.

Approved products shall be delivered to the job site in sealed containers properly identified with the trade name.

DISCUSSION

The Clerical Modification is to update the report to 2017 City of Los Angeles Building Code.

This report is in compliance with 2017 City of Los Angeles Building Code.

The approval is based on tests and analyses.

The product can withstand a hydrostatic pressure of 10 psi.

For additional information, call the manufacturer at (800) 888-8340.

RE: Elasto-Deck B.T.

This general approval of an equivalent alternate to the Code is only valid where an engineer and/or inspector of this Department has determined that all conditions of this Approval have been met in the project in which it is to be used.

Addressee to whom this Research Report is issued is responsible for providing copies of it, complete with any attachments indicated, to architects, engineers and builders using items approved herein in design or construction which must be approved by Department of Building and Safety Engineers and Inspectors.
